

# VAMPIRES IN COVINGTON

## THE VAMPIRE DIARIES

(September 2010-March 2017)

Filming primarily in Covington, *The Vampire Diaries* was one of The CW network's greatest TV successes and a pop culture sensation. The pilot episode attracted the largest audience of any series premiere since the network began in 2006. From the handsome Salvatore brothers, Damon and Stefan, to sweet, innocent Elena Gilbert, to the beauty and brains of Caroline Forbes and wittingly feisty Bonnie Bennet, the cast captivated viewers and created a nationwide phenomenon that continues to thrive.

## THE ORIGINALS

(October 2013-August 2018)

Three years into *The Vampire Diaries* series, *The Originals* was the first expansion of the franchise. Centered on the vampire-werewolf hybrid Mikaelson siblings in their New Orleans, LA home, filming took place in Covington, Olde Town Conyers, Madison, Rome, and Macon, Georgia as well as New Orleans and New York.

## LEGACIES

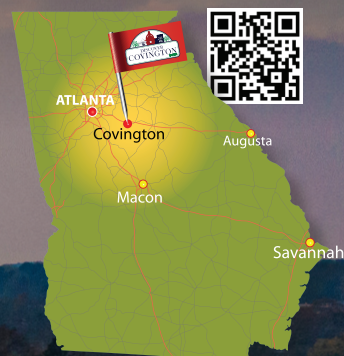

(October 2018-June 2022)

*Legacies* takes place two years after the events of *The Originals* when Hope Mikaelson attends the Salvatore School for the Young and Gifted, a safe haven for supernatural beings to learn to control their abilities. Covington's highly recognizable town square is featured throughout this series whenever the characters visit Mystic Falls, although most of the filming took place in neighboring Olde Town Conyers.
